PROFESSIONAL SUMMARY

Computer Science graduate and Flutter Developer with 2+ years of hands-on experience building scalable, production-ready mobile applications using Flutter, Firebase, Supabase, and REST APIs. Experienced in developing and publishing mobile applications on the Google Play Store, with expertise in clean architecture, responsive UI/UX, GetX state management, API integration, and Agile Scrum collaboration. Published multiple apps and co-authored an IEEE paper on an IoT-based smart parking system.

PROFESSIONAL EXPERIENCE

Flutter Developer Intern — Omega Soft BD *Apr 2025 – Sep 2025*

Agargaon, Dhaka, Bangladesh (Remote)

- Contributed to the development of an ERP-based Sales Pilot mobile application using Flutter, integrating REST APIs and Firebase for data management and authentication while following clean architecture practices.

SKILLS

Programming Languages

- Dart
- C
- Python
- C++
- Java

Frameworks

- Flutter
- Tkinter
- Java Swing

Technical Skills

- Flutter
- Firebase (Auth, Firestore, FCM)
- App Testing & Debugging
- State Management (GetX)
- CRUD Operations
- Google Maps API Integration
- GitHub & Version Control
- Database & Storage Management
- REST API Integration
- SQLite & Local Storage
- App Lifecycle Management
- CI/CD Pipeline
- Agile (Scrum)

Web:

- HTML
- CSS
- Tailwind CSS

Soft Skills

- Leadership
- Team Management
- Time Management
- Problem Solving
- Critical Thinking

EDUCATION

B.Sc. in Computer Science and Engineering — Daffodil International University *2022 – 2026*

CGPA: 3.32 / 4.00

HSC, Science — Rajbari Govt. College *2020*

GPA: 4.58 / 5.00, Dhaka Board

SSC, Science — Rajbari Govt. High School *2018*

GPA: 4.17 / 5.00, Dhaka Board

PUBLICATIONS

SmartPark: A Real-Time IoT-Powered Parking Navigation, Slot Tracking & Automated Assistance — 2026 IEEE QPAIN Conference. IoT-based smart parking system (ESP32, IR sensors) with a Flutter app for real-time slot detection, booking, and automated gate control. || Paper Link

PROJECTS

Medical Help Rajbari — Google Play Store *Jan 2026*

- Healthcare app with emergency calling, appointment booking, nursing/physiotherapy/ambulance services; Firebase auth and one-tap call/WhatsApp support.

MusicZone — Google Play Store *Apr 2026*

- Offline music player with local playback, background playback, and media controls.

MeetDoc — Smart Doctor Appointment & Telemedicine App

- Doctor search, appointment booking, and audio/video calling via ZegoCloud; Firebase backend, Gemini AI chatbot, SSLCommerz payments, and digital prescriptions.

SociaLive — Social Media App (Team of 4)

- Instagram-style app in Flutter with posts, likes, comments, and media sharing; Supabase backend, Jira-managed Agile workflow.

Weatherly — Flutter Weather App

- Real-time temperature, humidity, wind speed, and forecasts via the OpenWeather API.

CERTIFICATIONS & ACHIEVEMENTS

- App Development with Flutter — OSTAD (7-month program): Dart, Firebase, REST API integration, Google Maps; built E-Commerce, Task Manager, and CRUD apps. || Certificates Link
